

SMOKING POLICY

DeltaSBD is committed to providing a workplace free from hazards and ensuring the health and safety of all staff, contractors and visitors. Therefore, the establishment of this policy and procedure has been put in place to reduce atmospheric contaminants by ensuring smoke free workplaces.

To achieve this policy DeltaSBD will undertake the following

- Employees will be actively encouraged to quit smoking and supported in their effort to quit. However, appropriately signed designated smoking areas are available for this use.*
- All workplaces are considered 'smoke free zones' which includes, but is not limited to: whilst underground, storage areas containing flammable substances, offices, relocatable offices, and lunch rooms (including crib rooms).*
