

Coal Mining Opportunities Queensland

DeltaSBD Limited is a leading contractor in the underground coal sector, offering the most extensive range of specialised services and skills to the coal industry in New South Wales and Queensland. Our range of services includes, whole of mine operation, contract development work, longwall relocations, civil excavations and general mine services work.

PROJECT MANAGERS

Due to our continued expansion and growth, SBD Services Pty Ltd, a wholly owned subsidiary of DeltaSBD, is seeking Project Managers to lead and manage projects in our Queensland operations. The Project Manager is accountable for the safe and efficient operations through the effective leadership of an experienced and skilled team. Reporting directly to the General Manager, Queensland, the Project Manager will support the General Manager and continue to grow and create value over the long term, forming mutually beneficial partnerships with stakeholders.

Current work opportunities are for the Bowen Basin coalfields, Queensland; less than 200kms west of Mackay. The Mackay region is an inviting blend of secluded beaches, rainforests and rural communities. With easy access to the Great Barrier Reef, you will get to enjoy the tropical ambience of the region.

Specific responsibilities include:

- ensuring the highest standard of safety performance;
- establishing a culture of achievement and success;
- developing and maintaining client relationships;
- meeting targets in various aspects of the project/s.

Personal qualities such as integrity, commitment and drive together with exceptional interpersonal skills are prime pre-requisites for this position.

This position will appear to a dynamic leader with a proven track record in either development mining, project management or as a senior mine official. Formal qualifications in engineering along with statutory qualifications will be well regarded.
